

28 January 2019

UPDATE: CONSULTATIONS

We recently wrote informing you that we were entering into a consultation period for:

- i. Proposals to change the age range of Coalville Secondary Schools (for the three secondary schools to become two Key Stage 3 and 4 schools, with a shared Sixth Form) and
- ii. Proposals to change the Admissions arrangements for Coalville Secondary Schools

The consultation period formally closed at midnight on Monday 14 January 2019. Thank you to all who took the time to comment and leave their views during the consultation period.

As part of the consultation process we will be taking all views into consideration. Once due consideration has been given and a formal decision has been made, we will write with an update and further details.

Once again, thank you for your valuable comments.
